Dr. Amanulla Khan Pathan is a practicing Ayurvedic Hakim and dedicated healthcare professional with more than 10 years of valuable experience in the field of traditional and holistic healthcare. With a deep commitment to serving society, he has devoted his professional journey to promoting accessible, affordable, and compassionate healthcare services for people from all sections of society. Recognized with two Doctorate Awards from reputed universities, Dr. Amanulla Khan Pathan continues to combine his professional knowledge, humanitarian values, and passion for community welfare to create a meaningful impact in the healthcare sector. Driven by the belief that quality healthcare should not be a privilege but a right, Dr. Amanulla Khan Pathan took the initiative to establish a Section 8 non-profit organization dedicated to promoting healthcare and social welfare services across Pan India.

Through this organization, he is working towards creating greater access to healthcare services, particularly for economically weaker sections, underprivileged communities, and people who face financial barriers to receiving proper treatment.

Founder & Social Welfare Visionary

Driven by the belief that quality healthcare should not be a privilege but a right, Dr. Amanulla Khan Pathan took the initiative to establish a Section 8 non-profit organization dedicated to promoting healthcare and social welfare services across Pan India. Through this organization, he is working towards creating greater access to healthcare services, particularly for economically weaker sections, underprivileged communities, and people who face financial barriers to receiving proper treatment.

Serving Humanity Through Healthcare

One of the key missions of Dr. Amanulla Khan Pathan is to support needy and underprivileged individuals and families by facilitating quality healthcare, treatment, and medicines.

His humanitarian initiatives focus on:

- Providing healthcare support to economically disadvantaged communities
- Helping needy patients access appropriate treatment and medicines
- Promoting awareness about preventive and holistic healthcare
- Supporting communities that have limited access to healthcare facilities
- Encouraging compassionate and patient-centric healthcare practices
- Working towards affordable and accessible healthcare services
- Conducting and supporting community-oriented healthcare initiatives
- Reaching underserved communities across different parts of India

A Mission Beyond Medicine For Dr. Amanulla Khan Pathan, healthcare is not merely a profession—it is a responsibility towards humanity. His vision is to build a stronger healthcare ecosystem where individuals can seek timely care without being deprived of treatment because of their financial circumstances. Through his professional work and social initiatives, he strives to bring together healthcare, compassion, service, and social responsibility.

His work reflects a simple but powerful philosophy:

“Healthcare becomes truly meaningful when it reaches those who need it the most.”

Vision: To contribute towards the creation of a healthier, more aware, and more compassionate society by expanding accessible healthcare and humanitarian services across India.

Mission: To promote healthcare awareness, support underprivileged communities, facilitate access to treatment and medicines, and develop sustainable social welfare initiatives that place human dignity and wellbeing at the centre of every effort.

A Journey of Service, Compassion & Commitment With over a decade of experience, professional recognition, and a strong commitment to social welfare, Dr. Amanulla Khan Pathan continues his journey with a vision to make healthcare more accessible and humanitarian service more impactful.

His efforts represent a commitment to “Service Before Self” and to building a society where no deserving person is left without hope, care, or support because of financial limitations.

His mission is to promote natural, holistic wellness through responsible Ayurvedic practices, personalized consultation, and patient-centered care.

Dr. Mohammad Azghar Hussain, BAMS is a highly experienced Ayurvedic healthcare practitioner with more than 30 years of professional experience in the field of Ayurveda and traditional Indian healthcare practices.

Over the course of his distinguished career, Dr. Hussain has dedicated himself to providing personalized Ayurvedic care to thousands of patients in India and internationally. His approach combines the traditional principles of Ayurveda with a patient-focused understanding of individual health needs, with an emphasis on holistic wellbeing and long-term health management.

A Journey of Experience & Service

With three decades of hands-on experience, Dr. Mohammad Azghar Hussain has developed extensive practical expertise in Ayurvedic healthcare. His professional journey reflects a commitment to serving people through traditional healing knowledge, compassionate patient care, and individualized treatment approaches.

He has worked with patients from diverse backgrounds and has built a reputation for his experience, dedication, ethical approach, and commitment to patient wellbeing.

His Approach to Ayurveda

Dr. Hussain believes that effective healthcare should look beyond individual symptoms and consider the person as a whole. His practice is guided by the fundamental principles of Ayurveda, focusing on:

- Individualized assessment and care
- Traditional Ayurvedic principles
- Holistic health and wellbeing
- Lifestyle and wellness guidance
- Patient education and awareness
- Long-term health management
- Compassionate and personalized patient care

His philosophy is rooted in the timeless Ayurvedic concept of maintaining balance between the body, mind, lifestyle, and overall wellbeing.

Serving Patients Beyond Borders

Dr. Mohammad Azghar Hussain's professional experience extends beyond local healthcare practice, with patients and consultations reaching India and international communities.

His dedication to Ayurvedic healthcare has enabled him to contribute to the growing awareness and acceptance of traditional Indian systems of wellness among people from different regions and backgrounds.

30+ Years of Dedication to Healthcare

30+ Years of Experience | Thousands of Patients Served | Ayurvedic Healthcare & Wellness

Dr. Hussain continues to dedicate his professional life to the service of humanity through Ayurveda, preserving traditional healthcare knowledge while providing personalized care suited to the needs of today's patients.

Professional Philosophy

"Ayurveda is not only about treating illness; it is about understanding the individual, restoring balance, and supporting a healthier way of life."

Commitment to Excellence

With more than three decades of experience, Dr. Mohammad Azghar Hussain remains committed to professional integrity, compassionate care, traditional Ayurvedic knowledge, and the wellbeing of every patient who seeks his guidance.

Menstrual Hygiene Awareness program

The Ministry of Health and Family Welfare has introduced a scheme for promotion of menstrual hygiene among adolescent girls in the age group of 10-19 year in rural areas

Objective

To increase awareness among adolescent girls on Menstrual.. Hygiene to increase access to and use of high quality sanitary napkins to adolescent girls in rural areas & Schools /colleges – targeted locations. To ensure safe disposal of Sanitary Napkins in an environmentally friendly manner.

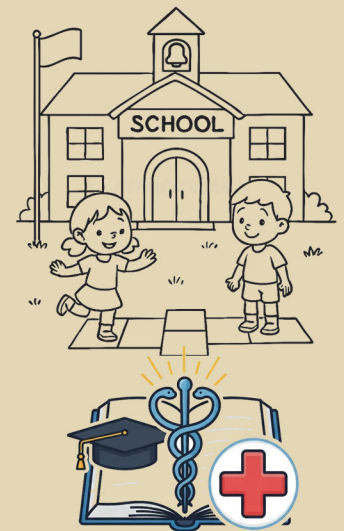

Healthy Schools of India & Certification Program

Behavior change—getting people to increase physical activity and improve dietary intake is the prime challenge in diabetes or challenging diseases prevention, and monitor the schools, atmosphere and hygiene & healthy environment

To be effective, we must reach young children before their lifestyle habits are fully established.

Our school-based programs are at the core of our offerings. We believe they will be extremely effective in establishing lifelong respect for exercise and healthy eating.

Honorary Doctorate program

Honorary Doctorate Award Council (EDUVARSITY) has a powerful vision of creating a better world by inspiring people, ideas, and actions. We strive to reflect this vision by awarding honorary degrees to individuals who embody its values.

The EDUVARSITY awards honorary degrees to recognize and honor outstanding individuals for their remarkable achievements in these areas. Honorary degrees are a symbol of the EDUVARSITY respect for these individuals and their contributions to society.

Meditation & Yoga can be an extremely beneficial practice for children. It can help them to develop focus and concentration, to still their minds and bodies, and to connect with their innermost selves.

There are many different types of Yoga & Meditation, and it can be practiced in various ways. Some of the most popular methods include mindfulness meditation, breathing exercises, and guided meditations.

Self-defense training in schools, often focused on girl students, aims to empower them with awareness, confidence, and practical skills to handle potential threats.

This training can improve mental resilience and provide tools for managing high-stress situations, fostering a sense of safety and self-reliance.

Yoga, Meditation & Self defence Training Program for Schools Students

Sanitary Vending Machines & Sanitary Incinerator Machine

Huge Demand on Sanitary Vending Machines as many of schools and colleges are not installed and its mandatory now a days its required for schools going girls starts from 5th class onwards , we doesn't know ,when exactly it is needed as many of budget schools now recommended.

To disposal as apart of hygiene's and safety , pads to burn after use in crowed areas like schools / colleges and railway station and public areas , this machine helps to used pad instantly and its pollutions free.

NEET – Foundation Program

- NEET – National Eligibility cum Entrance Test is a trending in market as many of the schools are required the foundation program , really the schools and colleges are using the cut / copy past material which is no use and not knowledgeable
- Since we are having educational service provider company and our directors are one the panel of member and we have a customized study material and we provide the books . Curriculum , teachers . Support and guidance .
- In the range of their budget and integrated foundation which is also willing to support further to the BPL children in budget schools and colleges
